I want to apply for PTP for my 2019-20 property taxes but my home was damaged or destroyed, can I have an extension to apply?

If you live in one of the counties listed above, the PTP application deadline has been extended to June 1, 2020.

Please contact our office at (800) 952-5661 or postponement@sco.ca.gov at your earliest convenience to discuss your situation.

I applied for PTP for my 2019-20 property taxes but my home was damaged or destroyed. Can I still qualify?

If your home was damaged or destroyed, you may still qualify for postponement of your 2019-20 property taxes if you meet the eligibility requirements.

The Board of Equalization has information on how you can apply for property tax relief as a result of the damages you suffered. Please visit the Board of Equalization's [website](#) for more information.

I have an existing PTP account, but my home has been damaged or destroyed, what happens to my PTP account?

Nothing. Your PTP account and the damage to your property does not trigger collection under the PTP program. Interest will continue to accrue at the beginning of each month until the account is paid in full.

If your contact information has changed, please contact our office at (800) 952-5661 or postponement@sco.ca.gov.
